

Educate  
Together

**Cherrywood Educate  
Together National  
School  
COVID-19 School  
Response Plan**

All schools will need to have a Covid-19 Response Plan in place in order to reopen safely in the new school year.

This document has been prepared on the basis of current public health advice and will continue to be updated throughout the summer as further public advice is received.

## **Introduction**

This *Covid-19 Response Plan* is designed to support the staff in putting measures in place that will prevent the spread of Covid-19 in Cherrywood Educate Together National School.

The Covid-19 Response Plan details the policies and practices necessary for a school to meet the Government's *'Return to Work Safely Protocol'*, the Department of Education and Skills plan for school reopening and to prevent the spread of Covid-19 in the school environment. The plan incorporates current advice about measures to reduce the spread of Covid-19 in the community issued by the National Public Health Emergency Team (NPHE).

It is important that school-based teaching and learning and the reopening of school facilities comply with the protocol to minimise the risk to students, staff and others. As the advice issued by NPHE continues to evolve, this protocol and the measures management and staff need to address may also change.

The response plan will support the sustainable reopening of our school where the overriding objective is to protect the health of staff and pupils while promoting the educational and development needs of the children in the school.

In line with the Return to Work Safely Protocol, the key to a safe and continued return to work, and reopening of our schools requires strong communication and a shared collaborative approach between the Board of management, staff, pupils and parents.

This document aims to provide details of:

- 1. Cherrywood Educate Together National School COVID-19 Policy**
- 2. Planning and Preparing for Return to School**
  - a. School Building**
  - b. Signage**
- 3. Procedure for Returning to Work (RTW)**
- 4. Return to work safely and Lead Worker Representative(s)**
- 5. Safety Statement and Risk Assessment**
- 6. General advice to prevent the spread of the virus**
  - a. Wash your Hands Frequently**

- b. Hand Hygiene and Hand Sanitiser
  - c. Avoid Touching your Eyes, Nose and Mouth
  - d. Physical Distancing
  - e. Practice Respiratory Hygiene
  - f. What to do
  - g. What not to do
  - h. People at Very High Risk (Extremely Vulnerable)
7. Managing the Risk of Spread of Covid-19
8. Control Measures
- a. Return to Work Form
  - b. Induction Training
  - c. Induction Training – On-line Video
  - d. Hygiene and Respiratory Etiquette
  - e. Personal Protective Equipment (PPE)
  - f. Wearing of Gloves
  - g. Cleaning
  - h. Access to the School Building / Contact Log
  - i. First Aid / Emergency Procedure
  - j. Impact of COVID-19 on certain school activities
  - k. Special Educational Needs
9. Dealing with a suspected case of Covid-19
10. Staff Duties
11. Covid related absence management
12. Employee Assistance and Wellbeing Programme
13. COVID-19 Checklists

The assistance and cooperation of all staff, pupils, parents/guardians, contractors and visitors is critical to the success of the plan.

Every effort is made to ensure the accuracy of the information provided in this document. However, should errors or omissions be identified, please notify us so that appropriate measures can be taken to rectify the same.

**Note:** The plan is a live working document and may be reviewed and amended to take into account new guidance from [www.Gov.ie](http://www.Gov.ie), [www.dbei.ie](http://www.dbei.ie) [www.hse.ie](http://www.hse.ie), [www.hpsc.ie](http://www.hpsc.ie), [www.hsa.ie](http://www.hsa.ie); [www.education.ie](http://www.education.ie);

This COVID-19 policy outlines our commitment as a school to implement the plan and help prevent the spread of the virus. The policy will be signed and dated by the Principal and School Manager and brought to the attention of staff, pupils, parents and others.

### **COVID 19 Policy Statement**

Cherrywood Educate Together National School is committed to providing a safe and healthy workplace as possible for all our staff and a safe learning environment as possible for all our pupils. With that aim, we have developed the following COVID- 19 Response Plan. The Board of Management and all school staff are responsible for the implementation of this plan and a combined effort will help contain the spread of the virus. We will:

- continue to monitor our COVID-19 response and amend this plan in consultation with our staff
- provide up to date information to our staff and pupils on the Public Health advice issued by the HSE and Gov.ie
- display information on the signs and symptoms of COVID-19 and correct hand-washing techniques
- inform all staff and pupils of essential hygiene and respiratory etiquette and physical distancing requirements
- adapt the school to facilitate physical distancing as appropriate in line with the guidance and direction of the Department of Education and Skills
- keep a contact log to help with contact tracing
- ensure staff and pupils engage with the induction / familiarisation briefing provided by the Department of Education and Skills
- implement the agreed procedures to be followed in the event of someone showing symptoms of COVID-19 while at school
- provide instructions for staff and pupils to follow if they develop signs and symptoms of COVID-19 during school time
- implement cleaning in line with Department of Education and Skills advice

All school staff will be consulted on an ongoing basis and feedback is encouraged on any concerns, issues or suggestions.

This can be done through the Lead Worker Representative, **Joe Lennon**, who will be supported in line with the agreement between the Department and education partners.

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

### **2. Planning and Preparing for Return to School**

Cherrywood ETNS aims to facilitate the commencement of school-based teaching and learning and the attendance to the workplace of staff. The attendance to work must be done safely and in strict

adherence to the advice and instructions of public health authorities and the Government.

Details for the opening of the school facility and the applicable controls are outlined in this document.

### ***a. School Buildings***

Before opening schools in the new school year schools are reminded to check the following:

- Does the water system need flushing at outlets following low usage to prevent Legionella disease;
- Has school equipment and mechanical ventilation been checked for signs of damage before being used
- Have bin collections and other essential services been arranged

### ***b. Signage***

Schools are required to display signage outlining the signs and symptoms of COVID-19 and to support good hand and respiratory hygiene.

Cherrywood ETNS will display these posters in prominent positions throughout the school, including outside toilets, in the classroom, in the office, in the staff room and the entrances and exits.

## **3. Procedure for Returning to Work (RTW)**

In order to return to the workplace, staff must complete a **Return to Work (RTW)** form, which is available from the Principal.

A RTW form should only be completed **at least 3 days** prior to any proposed date of return to the workplace.

On receipt of the completed form the Principal will provide: details of the **Induction Training** for completion by staff prior to the return to the workplace and details of any additional health and safety measures in place in the school to facilitate the staff member's return to the school facility.

A copy of the Return to Work Form can be seen at [Appendix 1](#)

## **4. Return to work safely and Lead Worker Representative**

Responsibility for the development and implementation of the Covid-19 Response Plan and the associated control measures lies primarily with the Board of Management and the School Leadership.

The Return to Work Safely protocol provides for an agreed procedure between management and staff to appoint a Lead Worker Representative to carry out a specific role.

The role of the worker representative) is to ensure that Covid-19 measures are adhered to in the workplace as follows

- Promote good hygiene practices such as washing hands regularly and maintaining good respiratory etiquette along with maintaining social distancing in accordance with public health advice.
- Assist with the implementation of measures to suppress COVID-19 in the workplace.
- Monitor adherence to measures put in place to prevent the spread of COVID-19.
- Consult with colleagues on matters relating to COVID-19 in the workplace.
- Make representations on behalf of their colleagues on matters relating to COVID-19 in the workplace.

If a staff member has any concerns or observations in relation to the Covid-19 Response Plan and control measures or the adherence to such control measures by staff, parents/guardians, contractors or visitors, he/she should contact the lead worker(s) who will engage with the Principal/Board of Management.

Name of Lead Worker representative: **Joe Lennon**

All staff, parents/guardians, contractors and visitors have a responsibility both as individuals and collectively to have due regard for their own health and safety and that of others and to assist with the implementation of the Covid-19 Response Plan and associated control measures.

## 5. Safety Statement and Risk Assessment

COVID-19 represents a hazard in the context of health and safety in the school environment. A risk assessment to identify the control measures required to mitigate the risk of COVID-19 in school settings is completed by the school.

It is important that schools review their emergency procedures involving, fire safety, first aid, accidents and dangerous occurrences to consider any new risks that arise due to the school's COVID-19 Summer Provision Response Plan. Any changes to the schools existing emergency procedures should be documented.

Schools should also review their existing risk assessments to consider any new risks that arise due to the school's COVID-19 Response Plan. Any changes to the school's current risk assessments should also be documented.

## 6. General advice to prevent the spread of the virus

In order to prevent the spread of COVID-19 it is important to know and recognise the symptoms. They are:

- High temperature
- Cough

- Shortness of breath or breathing difficulties
- Loss of smell, of taste or distortion of taste

The best way to prevent the spread of COVID-19 in a school is to minimise the risk of introduction of the disease into the school setting in the first place.

This can be achieved through the following measures:

- Promote awareness of COVID-19 and its symptoms amongst staff, pupils, parents and visitors.
- Advise staff and parents of pupils who have symptoms of COVID-19 or other acute infectious diseases not to attend school, to phone their GP and follow the HSE guidance on self-isolation.
- Advise staff and parents of pupils who have been identified by the HSE as contact of a person with COVID- 19 not to attend schools and to follow the HSE advice on restriction of movement.
- Ensure that staff and pupils know what to do if they develop symptoms at school.
- Everyone entering the school building should be required to perform hand hygiene with hand sanitiser.
- Visitors to school during the day should be by prior arrangement and should be received at a specific contact point.

Staff, pupils and visitors should at all times adhere to the up to date advice and instructions of the public health authorities in relation to protecting oneself and others against the risk posed by the Covid-19 virus.

Updated advice from the HSE is available on its website – <https://www2.hse.ie/coronavirus/>

The Department of Education and Skills will ensure all updated advice is circulated to schools. Cherrywood Educate Together National School will arrange for this advice to be circulated to staff, pupils and visitors in a timely manner.

## **7. Managing the risk of spread of COVID-19**

### ***a. Wash your Hands Frequently***

Regular hand washing with soap and water is effective for the removal of COVID-19.

Follow the HSE guidelines on handwashing:

For advice from HSE on how to wash your hands the following link will be helpful:

<https://www2.hse.ie/wellbeing/how-to-wash-your-hands.html>

### ***b. Hand Hygiene and Hand Sanitisers***

Hand hygiene can also be achieved by the use of a hand sanitisers (when hands are clean).

Hand sanitisers are more readily deployed in school settings to avoid disruption to teaching and learning

and to avoid congestion of staff and pupils waiting to use hand washing facilities.

Cherrywood ETNS will install hand sanitiser at the entrance of each of the three prefabs.

### ***c. Avoid Touching Eyes, Nose and Mouth***

Why? Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth.

### ***d. Physical Distancing***

Physical distancing is recommended to reduce the spread of infection in the workplace.

All staff will be required to wear face masks if they cannot maintain the 2m physical distance.

### ***e. Practice respiratory hygiene***

Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with a tissue or your bent elbow when you cough or sneeze. Then dispose of the used tissue immediately.

By following good respiratory hygiene, you protect the people around you from viruses such as cold, flu and Covid-19.

Good hygiene practices and washing your hands properly and regularly can help stop the spread of the virus. It is, therefore, crucial that all staff adhere to this advice and adopt the following practices as strictly as possible.

### ***f. Do:***

- Wash your hands properly and often
- Cover your mouth and nose with a tissue or your sleeve when you cough and sneeze
- Put used tissues into a bin and wash your hands
- Clean and disinfect frequently touched objects and surfaces.

### ***g. Do Not:***

- Touch your eyes, nose or mouth if your hands are not clean
- Share objects that touch your mouth – for example, bottles, cups, cutlery, etc.

### ***h. People at Very High Risk (Extremely Vulnerable):***

Current public health guidelines have identified groups who are defined as being at very high risk. The HSE has set out these groups, which include people who:

The list of people in very high-risk groups include people who:

- are over 70 years of age - even if you're fit and well

- have had an organ transplant
- are undergoing active chemotherapy for cancer
- are having radical radiotherapy for lung cancer
- have cancers of the blood or bone marrow such as leukaemia, lymphoma or myeloma who are at any stage of treatment
- are having immunotherapy or other continuing antibody treatments for cancer
- are having other targeted cancer treatments which can affect the immune system, such as protein kinase inhibitors or PARP inhibitors
- have had bone marrow or stem cell transplants in the last 6 months, or who are still taking immunosuppression drugs
- severe respiratory conditions including cystic fibrosis, severe asthma, pulmonary fibrosis, lung fibrosis, interstitial lung disease and severe COPD
- have a condition that means you have a very high risk of getting infections (such as SCID, homozygous sickle cell)
- are taking medicine that makes you much more likely to get infections (such as high doses of steroids or immunosuppression therapies)
- have a serious heart condition and you are pregnant

The advice for this group is available from the HSE. Staff who are in this group should self-declare on the Return to Work form if they believe that they are at very high risk. Details of the leave arrangements that will apply will be updated by the Department of Education and Skills.

If the Board/Principal is unsure whether or not staff fall into the very high-risk category, advice will be sought from the Occupational Health Service.

## 8. Control Measures

A range of essential control measures have been implemented to reduce the risk of the spread of Covid-19 virus and to protect the safety, health and welfare of staff, pupils, parents/guardians and visitors as far as possible within the school.

These control measures are outlined in this document.

The control measures shall continue to be reviewed and updated as required on an ongoing basis.

It is critical that staff, pupils, parents/guardians and visitors are aware of, and adhere to, the control measures outlined and that they fully cooperate with all health and safety requirements.

*Staff, in particular, should note that they have a legal obligation under Section 13 of the Safety, Health and Welfare at Work Act 2005 to comply with health and safety requirements and to take reasonable care for the health and safety of themselves, their colleagues and other parties within the workplace.*

The following control measures have been put in place:

#### ***a. Return to Work Form***

Staff will be required to complete a RTW form at least 3 days prior to any return to the school facility (see section 2 above). The purpose of the RTW form is to get confirmation from staff that, to the best of his/her knowledge, he/she has no symptoms of Covid-19 and is not self-isolating or cocooning or awaiting the results of a Covid-19 test.

#### ***b. Induction Training***

All staff will undertake and complete Covid-19 Induction Training prior to returning to the school building. The aim of such training is to ensure that staff have full knowledge and understanding of the following:

- Latest up to-date advice and guidance on public health
- Covid-19 symptoms
- What to do if a staff member or pupil develops symptoms of Covid-19 while at school
- Outline of the Covid-19 response plan

Staff will be kept fully informed of the control measures in place in the school and their duties and responsibilities in preventing the spread of Covid-19 and with any changes to the control measures or guidance available from the public health authorities.

If a staff member is unsure about any aspect of the Covid-19 Response Plan, the associated control measures, or his/her duties, he/she should immediately seek guidance from the Principal.

#### ***c. Induction Training for Return to School***

The principal has provided staff with access to the induction training and

#### ***d. Hygiene and Respiratory Etiquette***

It is crucial that all staff, pupils, parents/guardians, contractors and visitors are familiar with, and adopt, good hand and respiratory hygiene practices.

Guidance documentation and Information posters will be available at various locations within the school facility. Information posters will be prominently displayed at appropriate locations within the school facility including offices, corridors, staffroom area, classrooms and toilet areas. Such are intended to inform but also remind everyone about the importance of hygiene in preventing the spread of Covid-19 virus and protecting health and safety.

Handwashing facilities and/or hand sanitisers are available at multiple locations within the school facility and should be available in each classroom.

### ***e. Use of Personal Protective Equipment (PPE)***

PPE will not be required to be worn within the school facility according to current occupational and public health guidance. However, for a limited number of staff, PPE will need to be used occasionally or constantly due to the nature of certain work activities or work areas.

Such include roles where:

- Performing intimate care
- Where a suspected case of Covid-19 is identified while the school is in operation

Appropriate PPE will be available for dealing with suspected COVID-19 cases, intimate care needs and for first aid. This will be updated in line with advice from the HPSC (Health Protection Surveillance Centre)

Where staff provide healthcare to children with medical needs in the school environment, they should apply standard precautions as per usual practice.

### ***f. Wearing of Gloves:***

The use of disposable gloves in the school setting by pupils or staff is not appropriate. It does not protect the wearer and may expose others to risk from contaminated gloves. Routine use of disposable gloves is not a substitute for hand hygiene.

### ***g. Cleaning***

Arrangements for more regular and thorough cleaning of areas and surfaces within the school will be made.

Regular and thorough cleaning of communal areas and frequently touched surfaces shall be conducted, in particular, toilets, door handles and light switches. Cleaning will be performed regularly and whenever facilities or surfaces are visibly dirty.

All staff will have access to cleaning products and will be required to maintain cleanliness of their own work area. Under no circumstances should these cleaning materials be removed from the building.

Staff should thoroughly clean and disinfect their work area before and after use each day.

There will be regular collection of used waste disposal bags from offices and other areas within the school facility.

Staff must use and clean their own equipment and utensils (cup, cutlery, plate etc.).

### ***h. Access to the school building /contact log***

Access to the school facility will be in line with agreed school procedures.

Arrangement for necessary visitors such as contractors and parents/guardians will be restricted to essential purposes and limited to those who have obtained prior approval from the Principal.

The prompt identification and isolation of potentially infectious individuals is a crucial step in restricting the spread of the virus and protecting the health and safety of the individuals themselves and other staff, contractors and visitors at the workplace. A detailed sign in/sign out log of those entering the school facilities should be maintained. The school maintains a log of staff and students contacts as well as a visitor contact log.

### *I. First Aid/emergency procedure*

The standard First Aid/Emergency procedure shall apply in Cherrywood Educate Together National School

In an emergency or in case of a serious incident, call for an ambulance or the fire brigade on 112/999

Contact the principal or nearest first aider giving details of location and type of medical incident.

### *j. Impact of COVID-19 on certain school activities*

The Department will work with stakeholders to provide more detailed advice on certain school's activities in advance of school reopening.

#### *Sport Activities*

Schools should refer to the HPSC guidance on Return to Sport. Link to return to sport protocols is found here.

<https://www.gov.ie/en/publication/07253-return-to-sport-protocols/>

#### *Shared Equipment*

##### Toys

All toys should be cleaned on a regular basis. Toys which are shared are either cleaned with Milton every day or else quarantined for at least 72 hours.

Toys that are visibly dirty or contaminated with blood or bodily fluids should be taken out of use immediately for cleaning or disposal.

When purchasing toys choose ones that are easy to clean and disinfect (when necessary).

If cloth or soft toys are used, they should be machine washable.

Jigsaws, puzzles and toys that young pupils to those with special educational needs may be inclined to put into their mouths should be capable of being washed and disinfected.

All play equipment should be checked for signs of damage for example breaks or cracks. If they cannot be repaired or cleaned, they should be discarded.

Clean toys and equipment should be stored in a clean container or clean cupboard. The manufacturer's instructions should always be followed.

At this time soft modelling materials and play dough where used should be for individual use only.

**Please see the school's COVID cleaning plan for more information**

Art – All pupils have their own individual art and equipment supplies.

Shared Sports Equipment – Minimise equipment sharing and clean shared equipment between uses by different people.

### ***k. Special Educational Needs***

#### **Additional considerations for those with Special Educational Needs**

For children with special educational needs (SEN) maintaining physical distancing in many instances will not be practical or appropriate to implement. The focus should therefore be on emphasising that parents/guardians should have a heightened awareness of signs, symptoms or changes in baseline which suggests illness/COVID-19 infection and where symptoms are present children should not attend school.

Similarly, staff should be aware of their responsibility not to attend work if they develop signs or symptoms of respiratory illness.

#### *Hand hygiene*

Children who are unable to wash their hands by themselves should be assisted to clean their hands using soap and water or a hand sanitiser (if their hands are visibly clean) as outlined previously.

#### *Equipment*

Some children may have care needs (physical or behavioural) which requires the use of aids and appliances and/or medical equipment for example toileting aids, moving and handling equipment, respiratory equipment. Where cleaning of aids and appliances is carried out in the school it is recommended that a cleaning schedule is provided, detailing when and how the equipment is cleaned and the cleaning products to be used in accordance with the manufacturers' instructions.

The following points can guide the development of such cleaning schedule:

- Equipment used to deliver care should be visibly clean;
- Care equipment should be cleaned in accordance with the manufacturers' instructions. Cleaning is generally achieved using a general-purpose detergent and warm water.
- Equipment that is used on different children must be cleaned and, if required, disinfected immediately after use and before use by another child e.g. toileting aids;
- If equipment is soiled with body fluids:
  - First clean thoroughly with detergent and water;

- Then disinfect by wiping with a freshly prepared solution of disinfectant;
- Rinse with water and dry.

## 9. Dealing with a suspected case of Covid-19

Staff or pupils should not attend school if displaying any symptoms of Covid-19. The following outlines how Cherrywood Educate Together National School will deal with a suspected case that may arise during the course of work.

A designated isolation area has been identified. This is an area with a separate door and windows which will be left open.

If a staff member/pupil displays symptoms of Covid-19 while at work in Cherrywood Educate Together National School, the following are the procedures to be implemented:

- If the person with the suspected case is a pupil, the parents/guardians should be contacted immediately
- Isolate the person and have a procedure in place to accompany the individual to the designated isolation area via the isolation route, keeping at least 2 metres away from the symptomatic person and also making sure that others maintain a distance of at least 2 metres from the symptomatic person at all times
- Provide a mask for the person presenting with symptoms if one is available. He/she should wear the mask if in a common area with other people or while exiting the premises
- Assess whether the individual who is displaying symptoms can immediately be directed to go home/be brought home by parents and call their doctor and continue self-isolation at home
- Facilitate the person presenting with symptoms remaining in isolation if they cannot immediately go home and facilitate them calling their doctor. The individual should avoid touching people, surfaces and objects. Advice should be given to the person presenting with symptoms to cover their mouth and nose with the disposable tissue provided when they cough or sneeze and put the tissue in the waste bag provided
- If the person is well enough to go home, arrange for them to be transported home by a family member, as soon as possible and advise them to inform their general practitioner by phone of their symptoms. Public transport of any kind should not be used
- If they are too unwell to go home or advice is required, contact 999 or 112 and inform them that the sick person is a Covid-19 suspect.
- Carry out an assessment of the incident which will form part of determining follow-up actions and recovery
- Arrange for appropriate cleaning of the isolation area and work areas involved.

The HSE will inform any staff/parents who have come into close contact with a diagnosed case via the

contact tracing process. The HSE will contact all relevant persons where a diagnosis of COVID-19 is made. The instructions of the HSE should be followed and staff confidentiality is essential at all times.

## **10. Staff Duties**

Staff have a statutory obligation to take reasonable care for their own health and safety and that of their colleagues and other parties. In order to facilitate a safe return to work, these duties include, but are not limited to, the following:

- Adhere to the School Covid-19 Response Plan and the control measures outlined. The cooperation and assistance of all staff is essential to reduce the risk of spread of Covid-19 and to protect health and safety as far as possible within the school. All staff have a key role to play:
- Coordinate and work with their colleagues to ensure that physical distancing is maintained
- Make themselves aware of the symptoms of Covid-19 and monitor their own wellbeing
- Self-isolate at home and contact their GP promptly for further advice if they display any symptoms of Covid-19
- Not return or attend school if they have symptoms of Covid-19 under any circumstances.
- If they develop any symptoms of Covid-19 whilst within the school facility, they should adhere to the procedure outlined above
- Complete the RTW form before they return to work
- Must inform the Principal if there are any other circumstances relating to Covid-19, not included in the form, which may need to be disclosed to facilitate their safe return to the workplace
- Must complete Covid-19 Induction Training and any other training required prior to their return to school
- Must be aware of, and adhere to, good hygiene and respiratory etiquette practices
- Keep informed of the updated advice of the public health authorities and comply with same.

## **11. Covid related absence management**

The management of a Covid-19 related absence will be managed in line with agreed procedures with DES.

## **12. Employee Assistance and Wellbeing Programme**

Cherrywood ETNS aims to protect and support the health and wellbeing of all staff (physical, mental, spiritual etc.) both at work, whether in the school facility or at home and outside of work. The Board of Management is mindful that the support and promotion of staff health and wellbeing is particularly important in the current context where the Covid-19 pandemic has caused considerable challenges for, and disruption to, people's personal, family and social lives as well as their work arrangements.

The school aims to foster a culture and work environment that support healthy behaviours and staff wellbeing and shall continue to make health and wellbeing tools and guidance available to staff as well

as organising suitable support programmes, initiatives and events.

These are challenging times for everyone. Should a staff member experience any stress or anxiety in respect of work or work arrangements, he/she should feel free to speak to the principal.

### 13. COVID-19 Checklists

#### Lead Worker Representative Checklist

1. Have you agreed with your school to act as a Lead worker representative for your school?
2. Have you been provided with information and training in relation to the role of lead worker representative? (Training for this role is currently being explored with the HSA).
3. Are you keeping up to date with the latest COVID-19 advice from Government?
4. Are you aware of the signs and symptoms of COVID-19?
5. Do you know how the virus is spread?
6. Do you know how to help prevent the spread of COVID-19?
7. Have you watched and do you understand the online Induction Training provided by the Department of Education before returning to school?
8. Are you helping in keeping your fellow workers up to date with the latest COVID-19 advice from Government?
9. Have you completed the COVID-19 return-to-work form and given it to your school? (Department template Return-to-Work form available)
10. Are you aware of the control measures your school has put in place to minimise the risk of you and others being exposed to COVID-19?
11. Did your school consult with you when putting control measures in place? Control measures will be agreed centrally between the Department and education partners. Consultation at school level should take place on any specific local arrangements necessary to implement the protocol
12. Have you a means of regular communication with the person with overall responsibility for the school COVID-19 plan?
13. Are you co-operating with your school to make sure these control measures are maintained?
14. Have you familiarised yourself with the cleaning requirements needed to help prevent cross contamination? (Checklist for Cleaning and Disinfection available)
15. Have you been asked to walk around and check that the control measures are in place and are being maintained?
16. Are you reporting immediately to the person with overall responsibility for the school COVID-19 plan

any problems, areas of non-compliance or defects that you see?

17. Are you keeping a record of any problems, areas of non-compliance or defects and what action was taken to remedy the issue?
18. Are you familiar with what to do in the event of someone developing the symptoms of COVID-19 while at school?
19. Are you co-operating with your school in identifying an isolation area and a safe route to that area?
20. Are you helping in the management of someone developing symptoms of COVID-19 while at school?
21. Once the affected person has left the school, are you helping in assessing what follow-up action is needed?
22. Are you helping in maintaining the contact log?
23. Have you been made aware of any changes to the emergency plans or first aid procedures for your school?
24. Are you making yourself available to fellow staff to listen to any COVID-19 control concerns or suggestions they may have?
25. Are you raising those control concerns or suggestions with your school and feeding back the response to the worker who raised the issue?
26. Are you aware of the availability of the Spectrum Life Wellbeing Together Programme?

### **Dealing with a Suspected Case of Covid-19 Checklist**

Staff members will be required to manage a suspected case in line with the protocol and training. A nominated member of the school management team will be responsible for ensuring that all aspects of the protocol to deal with suspected cases have been adhered to.

#### **Isolation Area**

1. Have you identified a place that can be used as an isolation area, preferably with a door that can close?
2. The isolation area does not have to be a separate room but if it is not a room it should be 2m away from others in the room.
3. Is the isolation area accessible, including to staff and pupils with disabilities?
4. Is the route to the isolation area accessible?
5. Have you a contingency plan for dealing with more than one suspected case of COVID-19?
6. Are the following available in the isolation area(s)?
  - Tissues
  - Hand sanitiser
  - Disinfectant/wipes
  - Gloves/Masks
  - Waste Bags
  - Bins

#### **Isolating a Person**

7. Are procedures in place to accompany the infected person to the isolation area, along the isolation route

with physical distancing from them?

8. Are staff familiar with this procedure?
9. Have others been advised to maintain a distance of at least 2m from the affected person at all times? *(it is intended that this will be dealt with as part of the Department's online training)*
10. Is there a disposable mask to wear for the affected person while in the common area and when exiting the building?

### **Arranging for the affected person to leave the school**

11. Staff – have you established by asking them if the staff members feel well enough to travel home?
12. Pupil – have you immediately contacted their parents/guardians and arranged for them to collect their pupil? Under no circumstances can a pupil use public or school transport to travel home if they are a suspected case of COVID-19.
13. The affected person should be advised to avoid touching other people, surfaces and objects.
14. The affected person been advised to cover their mouth and nose with disposable tissue(s) when they cough or sneeze, and to put the tissue in the bin.
15. Has transport home or to an assessment centre been arranged if the affected person has been directed to go there by their GP?
16. Has the affected person been advised not to go to their GP's surgery or any pharmacy or hospital?
17. Has the affected person been advised they must not use public transport?
18. Has the affected person been advised to continue wearing the face mask until they reach home?

### **Follow up**

19. Have you carried out an assessment of the incident to identify any follow-up actions needed?
20. Are you available to provide advice and assistance if contacted by the HSE?

### **Cleaning**

21. Have you taken the isolation area out-of-use until cleaned and disinfected?
22. Have you made arrangements to clean and disinfect any classroom space where the staff or pupils were located?
23. Have you arranged for cleaning and disinfection of the isolation area and any other areas involved, as soon as practical after the affected person has left the building?
24. Have the cleaners been trained in dealing with contaminated areas and supplied with the appropriate PPE?

## School Management Checklist

### **Composite Checklist for Schools**

This checklist supports planning and preparation, control measures and induction needed to support a safe return to school for pupils, staff, parents and others.

For completion by the agreed person with overall responsibility of managing the implementation of the COVID-19 Response plan in line with the supports as agreed with Department of Education.

### **Planning and Systems**

1. Is there a system in place to keep up to date with the latest advice from Government and Department of Education, to ensure that advice is made available in a timely manner to staff and pupils and to adjust your plans and procedures in line with that advice?
2. Has the BoM adopted the DES school COVID-19 response plan and made it available to staff and pupils?
3. Have you a system in place to provide staff and pupils with information and guidance on the measures that have been put in place to help prevent the spread of the virus and what is expected of them?
4. Have you displayed the COVID-19 posters in suitable locations highlighting the signs and symptoms of COVID-19?
5. Have you told staff of the purpose of the COVID-19 contact log?
6. Have you a COVID-19 contact log in place to support HSE tracing efforts if required?
7. Have you informed staff on the measures and provided a system for them to raise issues or concerns and

to have them responded to?

8. Have you reviewed and updated risk assessments in line with DES advice to take account of any controls to help prevent the spread of COVID-19?
9. Have you updated emergency plans, if necessary, to take account of the COVID-19 response plan?

### **Staff**

10. Have you made available to each staff member a COVID-19 return-to-work form to be completed and returned 3 days before they return to the workplace?
11. Are you aware of staff members who are at very high risk under the HSE guidance on people most at risk (HSE guidance on people most at-risk) and advised them of the DES agreed arrangements for management of those staff?
12. Have you advised staff and pupils they must stay at home if sick or if they have any symptoms of COVID-19?
13. Have you told staff and pupils what to do and what to expect if they start to develop symptoms of COVID-19 in school, including where the isolation area is?
14. Have you advised staff of the availability of the supports of the occupational health and wellbeing programme through Spectrum Life?
15. Has a lead worker representative been identified (in line with the process agreed with the DES and education partners) and detailed at Section 4.3 of this plan to help advise staff and to monitor compliance with COVID-19 control measures in the school and taken measures to ensure all staff know who the representative is?

### **Training and Induction**

16. Have you advised staff to view the Department of Education's training materials which are available online?
17. Have you taken the necessary steps to update your school induction / familiarisation training to include any additional information relating to COVID-19 for your school?
18. Have first aiders, if available, been given updated training on infection prevention and control re: hand hygiene and use of PPE as appropriate? *(It is intended that training will be provided as part of the Department's online training programme).*

### **Buildings / Equipment**

19. If you have mechanical ventilation does it need cleaning or maintenance before the school reopens?
20. Does your water system need flushing at outlets following low usage to prevent Legionnaire's Disease?
21. Have you visually checked, or had someone check, all equipment in the school for signs of deterioration or damage before being used again?
22. Have you arranged for the school, including all equipment, desks, benches, doors and frequent touched surfaces points, to be cleaned before reopening?

### **Control Measures in place - *Hand / respiratory hygiene***

23. Have you accessed supplies of hand sanitisers and any necessary PPE equipment in line with the interim HPSC health guidance relating to the reopening of schools, from the national framework provided by the

Department? (RFI published and framework available from early August).

24. Are there hand washing/hand sanitising stations in place to accommodate staff, pupils and visitors adhering to hand hygiene measures in accordance with Department guidance?
25. Have arrangements been made for staff and pupils to have regular access to handwashing/hand sanitising facilities as appropriate?
26. Are hand sanitisers easily available and accessible for all staff, pupils and visitors – e.g. in each classroom and at entry and exit points to school buildings?
27. Have you made arrangements to ensure hand hygiene facilities are regularly checked and well-stocked?
28. Does the alcohol-based hand sanitiser have at least 60% ethanol or 70% isopropanol as the active ingredient?
29. Have you informed staff about the importance of hand washing?
30. Have you arranged for staff to view how to wash their hands (with soap and water for at least 20 seconds) and dry them correctly through the use of the HSE video resource?
31. Have you shown staff and pupils how to use hand sanitiser correctly and where hand sanitising stations are located?
32. Have you displayed posters on how to wash hands correctly in appropriate locations?
33. Have you told staff and pupils when they need to wash their hands or use hand sanitiser?
  - This includes:
  - before and after eating and preparing food
  - after coughing or sneezing
  - after using the toilet
  - where hands are dirty
  - before and after wearing gloves
  - before and after being on public transport
  - before leaving home
  - when arriving/leaving the school /other sites
  - after touching potentially contaminated surfaces
  - if in contact with someone displaying any COVID-19 symptoms
34. Have you told staff and pupils of the importance of good respiratory measures to limit the spread of the virus?
  - avoid touching the face, eyes, nose and mouth
  - cover coughs and sneezes with an elbow or a tissue
  - dispose of tissues in a covered bin

**Physical Distancing:**

35. Have you identified all available school space to be used to maximise physical distancing?
36. Have you reviewed the templates provided by the Department of Education which show options for revised layout of school rooms to meet physical distancing requirements?
37. Have you arranged to revise the layout of the rooms and furniture as per the Department guidelines if necessary?

38. Have you arranged in each room that the teacher's desk should be at least 1m and where possible 2m away from pupil desks?
39. Have you arranged in each room that pupils would be at least 1m away from each other?
40. Have you allocated workstations consistently to the same staff and children rather than having spaces that are shared?
41. Have you structured pupils and their teachers into Class Bubbles (i.e. a class grouping which stays apart from other classes as much as possible) and discrete groups or "Pods" within those class bubbles to the extent that this is practical?
42. If you have divided a class into Pods, have you arranged at least 1m distance between individual Pods within the class bubble and between individuals in the pod, whenever possible?
43. Have you taken steps to limit contact and sharing of common facilities between people in different Class Bubbles (and Pods within those class bubbles) as much as possible?
44. Have you arranged Pod sizes to be as small as it is likely to be reasonably practical in the specific classroom context?
45. Have you arranged to the greatest extent possible for pupils and teaching staff to be consistently in the same Class Bubbles acknowledging that this will not be possible at all times?
46. Have you arranged where possible that different class bubbles to have separate breaks and meal times or separate areas at break or meal times?
47. Have you made arrangements to limit interaction on arrival and departure from school and in other shared areas?
48. Have you encouraged walking or cycling to school as much as possible?
49. Have you made arrangements, in so far as practicable, to open additional access points to school to reduce congestion?
50. Can you provide a one system for entering and exiting the school, where practical?
51. Have you arranged for staff meetings to be held remotely or in small groups or in large spaces to facilitate physical distancing?
52. Have you a system to regularly remind staff and pupils to maintain physical distancing
53. Have you advised staff not to shake hands and to avoid any physical contact?

### **Visitors to Schools**

54. Have you identified the activities that involve interacting with essential visitors to the school, made arrangements to minimise the number of such visitors and put in place measures to prevent physical contact, as far as possible?
55. Are there arrangements in place to inform essential visitors to the school of the measures to help prevent the spread of infection?
56. Have you a system in place for all visitors who do need to come to the school to make appointment,

arrange to contact a central point and to record their visit using the contact tracing log?
